Poznámka: Credit for meeting the outcomes of individual courses is awarded by the chair of the OR. The ongoing fulfilment of individual outcomes is checked by the COR as part of the annual assessment. Students enrol in the courses no later than in the 4th year of study. Their completion is a condition for submitting an application for the state doctoral examination. In the event that a student obtains more credits from the sub-sections, the credits assigned to the course are included in the overall grade.
